

# HDT1 Terminator™

## MANUAL HARDDRIVE CRUSHER

**MADE IN GERMANY**

### FEATURES:

- Easy-to-use
- Small footprint
- No power supply needed
- Destroys magnetic HD and SSD
- Can be used with all storage devices
  - Harddrives
  - Mobile Phones
  - Flash Cards

The HDT1 is the perfect solution to securely destroy all your magnetic and SSD Harddrives . Whenever a computer is replaced the Harddisc still carries viable company information that needs to be securely destroyed. Only by degaussing the Harddiscs with a magnetic degausser in combination with the physical destruction of the media can you be absolutely sure that the data is successfully destroyed and can no longer be accessed. With our HDT1 we offer you a portable low-cost solution to assure that all the harddrives are physically damaged before they leave your house.
