

## DEGAUSSER MEDIAERASER MD 103

Degausser Mediaeraser MD 103 is a device for fast, safe and complete data erasure of magnetic media:

- ⊙ Hard drives
- ⊙ Tape cartridges
- ⊙ Diskettes

## THE MOST FEATURES

- ⊙ **Destination**  
Designed to work in office environment as well as in professional data utilization post
- ⊙ **User friendly**  
Simple operation allows non-technical operators to erase easily all formats of magnetic media
- ⊙ **Portable**  
One of the smallest and the lightest devices on the market
- ⊙ **Electromagnetic Compatibility**  
Compliant with EU Council Directive 89/336/EEC Standards
- ⊙ **Guarantee of success**  
Special sensors inside the device verify power and erasure, no volume of data limit
- ⊙ **Safe**  
Built-in sensors check field strength during each erase cycle, using Mediaeraser has no effect on health

## 100% EFFICIENCY

Mediaeraser MD 103 is a result of many years experience in the IT security market and it is the answer to regulatory compliance and data security in organizations.

**Certification of Polish Military Counter Intelligence Service** claims that our degausser is ready to provide data erasure services and it is compliant with declassification procedures (MD103 can be used with media that contains Confident, Secret or Top Secret information).

Polish Military Counter Intelligence Service

Polish Academy of Sciences

CE mark

## EASY TO USE

Mediaeraser generates a powerful magnetic field and in less than a second completely erases data from magnetic media.

**STEP 1**  
Connect the device  
to a power source.

**STEP 2**  
Insert disc/tape.  
Press „erase” button.  
Wait 40 seconds.

**STEP 3**  
Remove erased  
media.

## SPECIFICATIONS

Media	3,5", 2,5", 1,8" hard drives, tape media: all formats of LTO and DDS, DLT, S-DLT (I, II), AIT (1,2), 8 mm, diskettes, VHS and more
Media Erasing Area Size (WxHxD)	170 x 35 x 130 mm
Power Supply	230V AC 50/60 Hz
Cycle Time	40 s/media
Degaussing Force	9000 Gauss / 7500 Oe
Demagnetization system	Capacity discharge system
Temperature	15 - 40 °C
Humidity	10% H - 40% H
Dimensions (WxHxD)	449 x 132,5 x 305 mm
Weight	10 kg
Accessories	manual, power cable

## ABOUT PRODUCER

Mediarecovery - company owns one of the biggest Computer Forensics laboratories in Europe, where the analysis of information security infringement cases, hacking, data leaks, frauds and malpractices are processed. Our specialists also carry out the analysis at an angle of zero-day threats inside clients' IT infrastructure.
