

Excelsior II™

CD / DVD InkJet Printer

Features:

- ♦ Single Ink Cartridges
- ♦ Changeable printheads
- ♦ High-Speed Autoloader
- ♦ Maximum throughput

For the professional user and duplicator there is no better and cost effective machine than the Excelsior II autoprinter. Combined with an industrial Autoloader from ADR you get a fully functional disc printing machine which satisfies the most demanding client. Due to the single ink system there is no need to ever waste ink or discs again. With a top printing result you can achieve costs per disc of less than 2 cents per disc.
